Microsoft Certified: Azure Fundamentals

Microsoft Certified: AI Azure Fundamentals

WORK EXPERIENCE

Technical Writer

Microsoft

08/2023 - Present

- **Healthcare Documentation:** Develop user-focused documentation for an AI-powered clinical documentation platform, including User Guides, Admin Manuals, Release Notes, FAQs, and Knowledge Base articles using Oxygen XML Editor.
- **AI-Enabled Content:** Use AI-assisted writing tools to speed up content creation, improve clarity, and maintain consistency.
- **Release Documentation Management:** Analyze Azure DevOps feature tickets and acceptance criteria to identify documentation needs and translate them into clear, structured content.
- **Structured Content & Optimization:** Develop modular, reusable content using a structured approach, improving usability and reducing customer support tickets by 25% by addressing common user issues.
- **Quality Validation & Clinical Accuracy:** Collaborate with product and clinical teams to review and validate content, ensuring accuracy, compliance, and release readiness.
- **Training Content:** Design scenario-based training and onboarding materials using Articulate Rise 360 and Camtasia to simplify complex workflows and support user adoption.

WORK EXPERIENCE

Senior Technical Writer

Nuance

06/2020 - 08/2023

- **User and System Documentation:** Created and maintained User Guides, Admin Guides, System Requirements, and Release Notes for enterprise software products using Oxygen XML Editor.
- **Feature & Ticket Analysis:** Reviewed and analyzed Jira tickets to understand product enhancements, new features, and bug fixes, identifying documentation requirements for each update.
- **Content Simplification:** Translated complex product updates into clear, user-focused documentation for end users and internal teams, improving clarity and reducing support queries.
- **Release Documentation Planning:** Planned and delivered documentation aligned with release timelines and feature priorities in Agile environment.
- **Cross-Functional Collaboration:** Worked with product managers, developers, and QA teams to gather information and ensure documentation accuracy.

Lead Technical Writing Specialist

PTC Software

02/2014 - 06/2020

- **Core Module Documentation:** Led the creation and maintenance of documentation for core modules of mechanical software tools, supporting 2D and 3D design workflows
- **Documentation Planning & Microcopy:** Collaborated with technical project managers to define documentation requirements and microcopy before product finalization.
- **Use-Case Scenarios & Workflow Design:** Developed detailed use cases and workflow examples to help users understand and use complex software features.
- **Structured Documentation:** Used Arbortext to create structured, reusable, and standardized technical documentation that aligned with product requirements and company guidelines.
- **Team Mentorship:** Trained and mentored junior technical writers, improving team productivity and ensuring consistency in content quality across projects.

Technical Writer

EXFO Electro Optical Engineering Pvt. Ltd.

06/2012 - 02/2014

- **User Guide Development:** Developed user guides for telecom software products using FrameMaker.
- **Release Notes:** Created release notes to communicate new features, updates, and bug fixes, supporting internal teams and customers.
- **Content Standardization:** Maintained consistency in formatting, terminology, and style across all documents, following company standards and best practices.
- **Cross-Functional Collaboration:** Worked with cross-functional teams to validate technical content and ensure documentation accuracy.

Information Developer

Persistent Systems

04/2010 - 05/2012

- **Software Simulations & Interactive Content:** Developed interactive software simulations using Adobe Captivate to support user training.
- **IBM Product Documentation:** Contributed to the creation and maintenance of technical documentation for IBM software products using Arbortext, ensuring strict adherence to IBM style guidelines and best practices.

EDUCATION

Bachelor of Computer Science

Modern College, Pune University
